# DISTINCTIVE HANDCRAFT EXPERTS FOR MORE THAN 40 YEARS

Since 1978 Castro Lighting expressed the commitment to never forget its roots, valuing strong traditions while implementing innovative techniques regarding the meticulously handcrafted lighting production.

More than 40 years of accomplishments manifest refinement every day. Passion, devotion, and endurance, the brand's history is shaped by creators who share the same essence. The secret? Dream bigger and strive to create breathtaking lighting and timeless experiences.

The past decades brought technological advances driven by a pioneer spirit and an incessant need for the creation of extraordinary collections. The development of trailblazing designs is impelled by a single purpose:

TO CREATE  
A LEGACY IN THE HISTORY  
OF LIGHTING DESIGN

# BRASS CRAFTING MASTERS WITH VISION AND EXPERTISE

Creative brass crafting is an embodiment of an artist's vision, brought to life by their effort and expertise. Castro Lighting's production takes place in its factories in Portugal, where the best quality lighting solutions are created.

The manufacturing process is supervised by experienced professionals who are constantly looking for new and original techniques and approaches. The handling of brass is the history and foundation of Castro Lighting, being its responsibility to inspire and empower future generations to keep the tradition alive. Hand-wrought work can never be entirely replaced by machinery.

# FROM MODERN TO **CLASSIC**, THE IDEAL LIGHTING FOR ANY PROJECT

Throughout the years, while gathering the desirable experience, Castro Lighting took advantage of its proficiency in brass-work production. This allowed the development of more up-to-date, bold, and fresh forms in design. While classic style and influences were the foundation of the brand, a new approach grew within.

The latest collections rejoice with audacity, privilege, and strong statements. The use of noble materials and selected finishes, allied with a youthful and simpler approach to design, turned into a new signature for the brand. A claim of opulence, grandeur, and sophistication.

# THE LATEST INNOVATION MEETS HANDCRAFT PRODUCTION TECHNIQUES

With the perfect combination of ethics, motivation, hard work and passion for industrial design, as well as a fascinating journey of discovery, Castro Lighting became internationally known.

When it comes to brass work, the brand is famous for its singularity, extraordinary quality, and beauty. The ultimate fusion between the authenticity of traditional Portuguese metal-work techniques, artistic masters, and creative craftsmanship, continuously delivers the next step in innovation. Thusly, a wide range of products in different styles, from classic to modern, is created to provide the ideal lighting for any ambience.

Every year represents a new challenge for those who genuinely love and admire majestic designs. Castro Lighting represents a reference point in acquiring customizable lamps in different materials, finishes, and dimensions.

Every lamp perfectly fits the most luxurious interiors, reflecting elegance and fantasy. New collections are developed alongside the best industry players to re-invent functionality, individuality, and beauty.

## MODERN COLLECTION

Modern design is linked to the mid-20th century, with roots in both German and Scandinavian Styles, where a sense of simplicity and clean lines is included in every element of the interior décor. Throughout the years, while gathering experience, Castro Lighting has been taking advantage of its proficiency in brass-work, developing more up-to-date and fresher designs each year, and expressing its own idea of modernity, elegance, functionality, and versatility.

Aiming to provide professionals with innovative modern designs, the collections get a twist with a fresh classic tone that mixes minimal textures and bold geometric forms with polished finishes and asymmetrical balance.

The choice of luxurious finishes and selected materials along with crystals introduces an unforgettable signature of inspiring effortless luxury collections for modern interiors.

**INTERIORES, SPAIN**

The Halma Collection was designed to celebrate the fusion of noble materials, as well as simple and delicate geometry. Made with a structure of brass involved by clear crystal glass, this design unpredictably fuses the two materials in an effortless and original manner, granting it a cohesive and deluxe look. An extremely versatile fixture with exclusive beauty and elegance.

## The Halo Collection

Halos are rare and prized events of delicate beauty that occur when tiny ice crystals reflect the sun's light, creating splendid golden circles of light in the atmosphere. The Halo Collection, made solely with gold-plated brass, is a display of modernity, designed for those who want a simple yet sophisticated lighting fixture without giving up neither charm nor refinement. An option that is the perfect addition for contemporary or modern interiors.

## The Mondrian Collection

Piet Mondrian is recognized for the purity of his abstractions since he radically simplified the elements of his paintings to reflect his perception of the world as opposites and asymmetry. This painter's unique artwork inspired the designers to develop the Mondrian Collection. Composed of geometrical squared shapes and cascading crystals, this design itself is an interpretation of dynamism and elegance.

The Eclipse Collection was named after the solar eclipse phenomena when the moon creates a shadow that partially inhibits sunrays from being seen from Earth. Recreating this natural wonder, this design is composed of two rounded brass plates with a slight distance between them, only allowing little crescents of light to shine through. The front plate is hammered by hand, reflecting light in the shiny finish in the back.

## CRYSTAL COLLECTIONS

The avant-garde spirit of Castro Lighting led to the creation of exceptional lighting designs, where the use of crystals has played a key role in establishing the brand's design signature. Since 1978, the brand has kept up with the evolution of classic design tendencies and has been implementing modern accents and techniques to improve the design's distinctiveness and timelessness.

From very early on, the importance of crystal lighting started to be appreciated, and today, the brand's personality shines brighter through these breathtaking and exclusive design experiences, that diffuse everlasting elegance and beauty.

## Leviev

The Leviev handmade suspension was designed to be a stylish solution for any room. A contemporary lighting fixture with accents of Hollywood Glam and Mid-Century Modern interior styles, a great addition to complete the décor with elegance and glamour. A dimpled bending-round shape, coupled with crystals, reveals a balance of sophistication and delicacy, giving the interior a distinctive accent of comfort and harmony.

## Gatsby

The Gatsby Collection proudly bears the name of the 20's novel "The Great Gatsby" by F. Scott Fitzgerald. This chandelier features crystals as its main highlight coupled with brass elements of classical detailing. This design takes us on a journey back to the fascinating 20s, to social get-togethers, creativity, dancing, cultural dynamism, and unparalleled joy. Gatsby's powerful yet smooth lines create an organic movement of lights and shadows representing elegance and glamour.

# CLASSIC COLLECTIONS

In the beginning, Castro Lighting took its first steps in the lighting industry with classically styled chandeliers, taking advantage of the expertise and the long craftsmanship tradition of Portugal. Nowadays, the brand has several bestseller Classic Collections spread across the world and some of them are even part of the most magnificent and renowned interior design projects.

Classic style is inspired by the 18th and 19th century European décor, a timeless trend that displays elegance and lavishness, as well as elaborated silhouettes and exciting detailing. To bring this concept to life and create its own and renewed interpretation of classic luxury, Castro Lighting creates new designs each year, from suspensions to floor lamps, all characterized by the use of noble materials and valued traditional techniques.

Timeless influences are materialized in lighting collections that incorporate an elegant combination of refined materials, such as brass, marble, glass, and crystals. Each crystal is handled with love so that each reflection is never less than perfect. The outcome is true masterpieces with Venetian, Art Deco, and Hollywood glamour styles. Each space is awarded a delicate brightness and everlasting grace.

# TERMS AND CONDITIONS

## DESIGN AND PRODUCT

Castro Lighting reserves the right, without prior notice, to discontinue collections, products or change specifications and prices of products.

Images on the catalogue or website may vary from the final product to enhance our product's quality, aesthetics, usability and reliability.

Castro Lighting has the ability to customize existing products or new products to meet desirable specifications – all situations that require custom designs are subject to an upcharge.

Special pricing based on quantity and features will be provided upon request for all customized products – decision will be made on a case-by-case basis and the buyer will be notified of any said fees.

Castro Lighting finishes are applied by hand and may vary in colour, tone and character. Castro Lighting will make every effort to match a finish, but there's no guarantee of an exact match to be made.

The pieces of marble used for the designs are individual and cannot match with each other fully due to the material natural origin.

In case of ordering any products with lacquered surfaces the client is advised to communicate RAL reference for a chosen colour.

Castro Lighting ships its lamps with LED bulbs of the required type GU10, G9, E14 and E27 (except North America and other countries that use 110-127V outlets).

All halogen bulbs are dimmable. If requested, these are available under price quotation. Castro Lighting is not responsible for the compatibility with the lamps and functionality of the dimmers system on the project site. Please contact Castro Lighting staff for more details about maximum bulbs wattage.

EU standard plugs and switches are included. They can be changed according to the standards of the country to which the product is destined with a prior notice of the client.

Castro Lighting applies a standard measure for the electrical (and metal) cables of 100cm. Additional length of the cables can be added to the proforma free of charge before the order passes to the production. The cables required after the order is dispatched is a subject of additional cost.

## TRANSPORTS

All Products are shipped with insurance. In any case of delivery with damaged packaging it should be immediately stated to the transportation company during the delivery process. The POD must be signed with reservations subject to verification with/without apparent damage to the box/boxes.

When the order is delivered it is important to verify the products condition. In case of damages or losses written claim should be presented to Castro Lighting team by email within 30 days from the delivery date. If the procedure is not respected, this will automatically release Castro Lighting from any liability for damages sustained in transit.

Castro Lighting will not be liable for any damages resulting from handling, loading or unloading the products by persons acting on behalf of the receiver. Any transportation of the products from destination to a second location will forfeit any transportation damage claim. Photographic evidence supporting your allegation must be sent by e-mail to: [info@castrolighting.com](mailto:info@castrolighting.com)

## PRODUCTION

The production time is from 8 to 10 weeks after the reception of the payment / prepayment.

All products are Castro Lighting property until the payment is fully received and confirmed. Castro Lighting reserves the right to postpone expedition to assure the quality of each product.

## PAYMENT AND ORDERS

Payment can only be made by bank transfer in advance to start the production of an order.

Standard Products – 30% or 50% to adjudicate the work (order);

Custom-made Products – 50% to adjudicate the work (order);

Orders pass to production only after Castro Lighting has confirmed that the final invoice is signed/stamped by the client and the adjudication has been received;

The merchandise is authorised to leave Castro Lighting facilities only when fully paid.

The payment must be made by account transfer (in Euros) and the confirmation (receipt) of the transfer must be sent along with the signed/stamped invoice by e-mail ([info@castrolighting.com](mailto:info@castrolighting.com)).

## DOCUMENTS, TAXES AND FEES

The prices presented in a commercial offer (Proforma) are valid for six months from the date it is elaborated. Prices always refer to a single unit and VAT is not included in the price. All legal taxes and fees must be subsequently added to the price.

Any bank transfer taxes, charges or fees are to be held by the client. Clients from Portugal or without VAT number are obliged to add 23% tax to a final value.

In case the invoice address of a client is out of European Union Export declaration is to be presented to Castro Lighting. If Castro Lighting is executing delivery services the value of transportation will include the Export declaration opening value of 80€.

All prices are EX WORKS: they do not include any transportation value or fees. The transportation value sent in any Proforma is informative as it could vary due to the fluctuations of the shipping prices on shipment day. Standard packaging is included in the price. Should the client require specific packaging, it will be charged accordingly.

Castro Lighting may provide all of the following services for a respective additional fee: Certificate of Origin, Authentication of Invoices, SASO Certificates, Storage and Demurrage. Please contact Castro Lighting staff for more info. ([info@castrolighting.com](mailto:info@castrolighting.com) / [www.castrolighting.com](http://www.castrolighting.com)).

Castro Lighting provides a 3-year limited warranty against any manufacturer's defects. This means that Castro Lighting will fix free-of-charge any problems due to manufacturer's, but not problems occurred due to wrong maintenance/cleaning/humidity.

Castro Lighting does not warrant: changes in surface finishes due to aging or exposure to light, damage from sharp objects or imprinting from writing instruments, prolonged exposure to humidity.

Castro Lighting does not guarantee finishes against fading and oxidizing throughout the years. Variations in colour and veining are inherent in metal and considered to be part of the natural beauty of the material.

Upon confirmation of any defect, Castro Lighting compromises to replace the defective part/piece integrally, within a period agreed with the client. The defective part/piece must be received by Castro Lighting in its original package before any replacement can be send.
